#### Committee Starts Soliciting Funds For The Work in El Paso.

Bright and early tomorrow morning the committee of business men com-prising the council of Boy Scouts will start out soliciting funds for the work of the El Paso Scouts this year. Only about \$2500 will be asked this year for the work and it is calculated that this sum will be raised in a short time—that the campaign will not require more than one day at most.

A little city like Musicegon, Mich., rulses if Scout budget for a term of three years and makes the three-year three years and makes the three-year budget \$16.000 considerably more per year than El Paso is asking. The El Paso communities is asking for funds for only one year, believing that after the work is well under way, it will almost take care of itself as a result of the interest the fathers and mothers of the boys are taking. The first year, however, the business men are asked to take care of the work.
